

# Decor Designer Recessed Emergency Light

The Decor Designer DP series provides a fully recessed, self-contained emergency lighting fixture suitable for ceiling or wall installation. By recessing the main housing the DP series provides a clean and unobtrusive emergency light to blend with your chosen Decor.

## Features

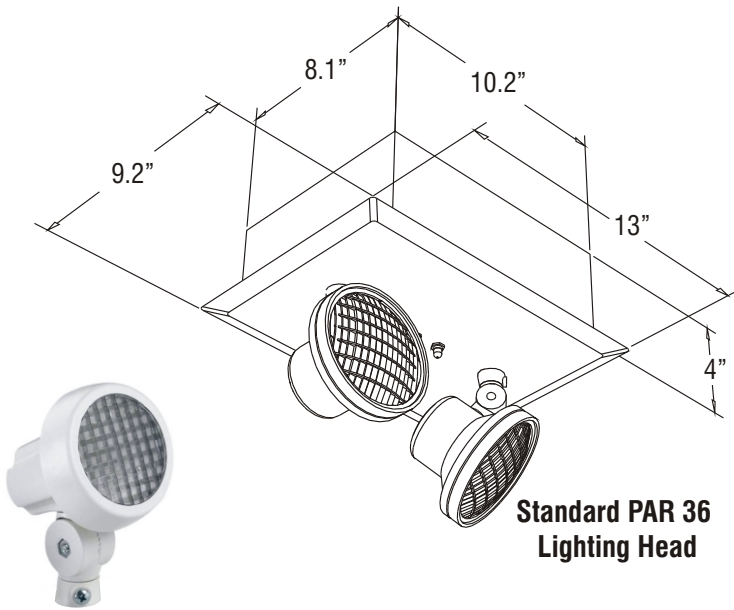

- Available with two fully adjustable PAR 36 or the smaller PAR 18 lamp heads with a variety of lamp types and wattage's. Standard lamp is 9 watt
- One-piece, steel housing recesses into wall or ceiling. The lamp head plate is secured by torsion spring clips eliminating the need for fixing screws while allowing for ease of installation and maintenance
- Sturdy 20 gauge steel cabinet with multiple knock-out entries. Lamp head plate is finished in a durable white powder coat (other colors available to order)
- Higher capacity units provide for additional remote lighting loads
- Choice of maintenance free sealed lead calcium or nickel cadmium batteries
- Listed to UL 924
- 3 Year limited warranty

## Electronics

- Premium, fully automatic current limited "Pulse Switching" charger provides ideal charge conditions for optimum battery performance and life
- Short Circuit battery protection
- Field selectable 120 or 277 VAC input
- Momentary test switch and dual diagnostic LED indicator displays AC presence and Hi-Charge status
- Line-latch prevents unnecessary discharge of battery during installation, loads will not illuminate until after application of utility power
- Low voltage cut-off prevents battery damage and ensures positive charge acceptance following an extended discharge
- Brownout sensing assures emergency operation during periods of low line voltage
- Self-Test / Self-Diagnostic monitoring available
