

Slimline Recessed

Sheet 7.6

Recessed Self-Luminous Exit Sign REC

Slimline Recessed provides a dedicated recessing module for ease of installation. A tough 3/8" thick polycarbonate shield protects the assembly making it ideal for low level and vandal resistant applications.

Features

- Non-electrical, internally illuminated by sealed tritium gas light sources
- 100% reliable, maintenance free and always on. Requires no external light source, electrical power, wiring or batteries
- As there is no electrical ignition source, the Slimline is suitable for use in hazardous atmospheres, damp and wet locations. Meets NEC Article 500, Class 1, 11 and 111 conditions
- Green light output for maximum visibility in emergency conditions
- 100 foot visibility rating
- Available in service life ratings of 10, 15 or 20 years
- Tested, approved and listed by Underwriters Laboratories to UL 924
- Limited warranty for the rated life of the product

Construction

- Corrosion resistant brushed aluminum recessing pan
- Aluminum stencil face with field selectable chevron directional indicators
- Polycarbonate shield seals lamp compartment and prismatic refractor lens
- Standard trim finish is brushed aluminum. Also available in satin white or black enamel with custom colors available to order
- 3/8" clear polycarbonate face shield provided with mounting hardware
- Special Green Legend Option (GL) provides a green illuminated legend apparent in both dark and ambient lighting conditions. Available in 10 and 15 year rated signs with red, black or white background
