

TUFFLITE IX - Wet Location Emergency Light

NEMA 4, 4X, 12 & 13 • 6, 12 & 24 Volt 18-360 Watt

Tufflite "IX" Industrial NEMA emergency lighting units are designed for use in hostile areas where oil, water and dust resistant equipment is required. The fiberglass enclosure meets the requirements of the following classifications:

- NEMA 4X: Protects enclosed equipment against falling rain, splashing or hose directed water. Is undamaged by the formation of ice on the enclosure and is corrosion resistant.
- NEMA 12: Protects enclosed equipment against dust, dirt and dripping water.

Construction

- Impact resistant reinforced polyester fiberglass housing in grey finish. Suitable for NEMA 4, 4X, 12 & 13 applications
- Hinged front access door for ease of maintenance
- External 4 hole mounting provision provides ease of installation with minimal cabinet intrusion
- Two fully adjustable, top mounted Par 36 style lamp heads in high impact thermoplastic available with a variety of lamp types and wattage's
- Wet and damp location listed to UL 924

Electrical

- Suitable for use in temperature range of 10°C to 40°C – heater option available for colder applications
- Choice of maintenance free sealed Lead Calcium or Nickel Cadmium batteries
- Premium, fully automatic current limited "Pulse Switching" charger provides ideal charge conditions for optimum battery performance and life
- Short Circuit battery protection
- Field selectable 120 or 277 VAC input
- Sealed external Momentary test switch and dual diagnostic LED indicator displays AC presence and Hi-Charge status
- Brownout sensing assures emergency operation during periods of low line voltage

shown with optional LED heads

- Line-latch prevents unnecessary discharge of battery during installation, loads will not illuminate until after application of utility power
- Low voltage cut-off prevents battery damage and ensures positive charge acceptance following an extended discharge
- Self Test / Self Diagnostic monitoring available

Illumination

- Two fully adjustable, top mounted Par 36 style lamp heads in high impact thermoplastic available with a variety of lamp types and wattage's

Certification

- Listed to UL 924, meets NFPA 101 Life Safety Code, NFPA 70-NEC and OSHA requirements

Warranty

- 3 Year Limited Warranty

ORDERING GUIDE - IX Series

Example: IX2E27-LED5-SD

Model	Model	Lighting Heads	Options
